

Setup Guide

Single Pole TV Stand

1

Place the baseplate on a levelled surface.

Mount the single pole to the baseplate by rotating the single pole clockwise.

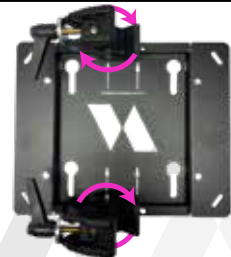

2

Mount the second half of the single pole on top of the first half by also rotating the single pole clockwise.

3

Mount the clamps to the TV bracket, by rotating the clamps clockwise to the allocated bolt holes. You should now have two clamps vertically in line, just off-centre to the TV bracket.

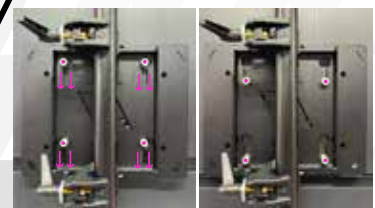

4

Use the clamps now attached to the TV bracket to mount the TV bracket to the TV stand.

5

Mount the TV to the TV bracket on the TV stand.

6

* For safety and ease of assembly, complete this step with two people

To dismantle this TV stand, please run the above-mentioned instructions in reverse (step 6 to 1)
